

BARTHOLOMEUS KLIP FARMHOUSE - WINE LIST

Choosing the right wine for the right food is one thing: choosing a wine to match an occasion and a setting is something entirely different. Our wines have been selected because we believe they best complement the food, the atmosphere and the setting at Bartholomeus Klip. We have endeavoured to give our selection as much of a local flavour as possible whilst offering you what we think is the best the vineyards of the Cape have produced. Where the advertised vintage is no longer available, the next available vintage will be offered.
